

A38 TUNNELS CLOSURES SUMMER 2014

We're making improvements to make your journey better in the future

The A38 St Chad's and Queensway tunnels through Birmingham will be completely closed to all traffic from 18 July to 1 September. Employees based in and around the city are being asked to plan ahead

- Plan how you will travel around the city during the closures. Consider viable alternatives to driving such as public transport or cycling.
- Ensure any visitors or deliveries that you are expecting are informed of the closures
- Where possible, avoid peak travel times. Speak to your manager about the possibility of flexible working arrangements.
